Grupo Simec, S.A.B. de C.V. (the “Company”) hereby submits this Notification of Late Filing on Form 12b-25 concerning its Annual Report on Form 20-F for the fiscal year ending December 31, 2025 (the “Form 20-F”). The Company regrets its inability to file the Form 20-F within the designated timeframe due to ongoing additional procedures and analyses related to its disclosure, internal processes controls and the finalization of its financial statements for the year ended December 31, 2025. These procedures cannot be finalized by the prescribed due date without incurring unreasonable effort and expense.

If answer is no, identify report(s).

Yes No

- (3) Is it anticipated that any significant change in results of operations from the corresponding period for the last fiscal year will be reflected by the earnings statements to be included in the subject report or portion thereof?

Yes No

If so, attach an explanation of the anticipated change, both narratively and quantitatively, and, if appropriate, state the reasons why a reasonable estimate of the results cannot be made.

The Company anticipates that its consolidated results of operations for the fiscal year ended December 31, 2025 will reflect a significant change from those of the fiscal year ended December 31, 2024. Net income decreased approximately 86%, from Ps. 10,481 million in 2024 to Ps. 1,495 million in 2025.

The decrease is principally attributable to foreign exchange effects rather than to a deterioration in operating performance. The Company recognized a net foreign exchange loss of approximately Ps. 3,607 million in 2025, compared to a net foreign exchange gain of approximately Ps. 5,556 million in 2024, driven primarily by the appreciation of the Mexican peso against the U.S. dollar (from Ps. 20.51 to Ps. 17.95 per U.S. dollar) on the Company's net U.S. dollar-denominated monetary position.

Operating performance remained substantially stable. Operating income decreased approximately 2% (from Ps. 5,301 million to Ps. 5,205 million) and EBITDA decreased approximately 1% (from Ps. 6,367 million to Ps. 6,287 million). Net sales decreased approximately 10%, reflecting lower shipments and average prices, while gross margin improved from 23% to 25% on lower scrap costs.

Please refer to the Company's report on Form 6-K filed with the SEC on April 30, 2026 for more information on its financial condition and results of operations in 2025.
